PREPARES  
TO LEAVE  
THE CITY

**Huerta's Resignation Expected at Mexican Capital Today**

## ROUTE OF DEPARTURE

**Of the Chief Executive Will Probably Be Via Rail to Vera Cruz—Crisis Imminent and Effort Being Made to Prevent Further Loss of Life.**

(ASSOCIATED PRESS TELEGRAM) Mexico City, July 14.—Provisional President Huerta's family, according to reports prevalent in the capital is expected to leave for Vera Cruz sometime today and will probably embark on the steamer Espagne.

The Espagne, which plys between Vera Cruz, Havana and several Spanish ports, already has a number of prominent Huerta officials aboard.

(ASSOCIATED PRESS TELEGRAM) Washington, July 14.—Huerta's resignation momentarily was expected in Mexico City today. Official diplomatic dispatches from the federal capital stated the dictator probably would quit his post and turn over his administration to his new foreign minister, Francisco Carbajal, either today or Wednesday.

Evidence that Huerta was preparing an avenue of exit after his abdication was seen in the work of restoring through railroad communication between Mexico City and Vera Cruz. The chief engineer of the Mexican railway was sent from the capital personally to supervise the repairing of the gap in the line near the coast. Huerta, it was believed, might use that route of departure. The railway was torn up after the American occupation of Vera Cruz.

With a crisis imminent, administration officials and envoys of the South American republics were untiring in their efforts today to bring about a transition of power in Mexico City, without further sacrifice of life. Carranza, constitutionalist chief, in notifying the United States that he would not sanction any conference with representatives of Huerta to draft peace terms, declared that unconditional surrender of the authorities in Mexico City was the only thing he would accept. He could give ample assurances, he said, of guarantee of life and property.

While Washington officials have indicated they will take no step to interfere with the revolutionists, yet the constitutionalists have been notified that recognition would not be extended to them if excesses marked their entrance into Mexico City.

One plan suggested for transfer of power to the constitutionalists was the resignation of Huerta or the administration that succeeded him, leaving police power of the capital in the hands of minor authorities. Members of the revolutionary junta in Washington who made the suggestion, said that if that course was pursued, Carranza then could enter the capital and assume control, avoiding any recognition of Huerta that might be implied by acceptance of executive power directly from him or a minister succeeding him.

REBELS SWEEPING  
WESTERN COAST

(ASSOCIATED PRESS TELEGRAM) On Board U. S. S. California, Mazatlan, Mex., July 13.—(By wireless to San Diego Cal., July 14.) The insurgents are sweeping the Pacific coast of Mexico. Evacuation, occupations, armistices and the exchange of prisoners are everywhere reported by Rear Admiral Howard, commanding the American Pacific fleet, and the indications are that within a week the federals will be in possession of only Mazatlan and Salina Cruz.

At Santa Rosalia, a mining port on the outer coast of lower California, the federals and constitutionalists held a conference yesterday at which it was decided to bury the hatchet and make joint cause with Carranza. The same procedure is expected to take place at La Paz, another lower California port, while at Guaymas an armistice has been agreed on to expire at midnight July 20.

In the meantime four large merchant vessels of the Naviera (Mexican) line, are loading rapidly and it is expected all federal troops will be out of Guaymas within the next few days. Negotiations for the exchange of prisoners began with the signing of the armistice.

Colonel Gomez of the Zapatista forces, it is reported, has taken charge in the name of the Constitutionalists of Apaucaul county, once a port for the Spanish galleons from the Philippines. General Salido, the federal commander there has been hurriedly reported of late and the last refugees pressed that he had been forced to make daily levies of cash and rations to support his small garrison.

Both federal and constitutionalist generals at Guaymas expressed profuse thanks to the American commander there for his assistance in negotiating the armistice. Admiral Howard's policy of strict neutrality won the confidence of both parties.

The destroyers Whipple, Truxtun and Paul Jones left today for Mare Island navy yard, via San Diego, to be overhauled.

HUERTA OFFICIALS  
LEAVE THE CAPITAL

(ASSOCIATED PRESS TELEGRAM) Washington, July 14.—General Huerta was not among the high official Mexican refugees sailing from Vera Cruz on the liner Espagne, according to early dispatches today from General Funston. The holding of the line and the hurried repair of the railroad to Mexico City had been taken as an indication that the dictator was ready to flee with Adolfo de Llama, Estevan Ruiz, Querido Moheño and General Maas, all of his official family who sailed on the Espagne.

MAN SENT UP  
FROM NEWARK  
DIES IN PEN

(ASSOCIATED PRESS TELEGRAM) Columbus, July 14.—Bud Reynolds, 40, who entered the Ohio penitentiary, February 21, 1913, on a two-year sentence from Licking county for robbery, died in that institution today. Reynolds had been ill for some time with tuberculosis and very recently had become bedfast. His time would have expired on September 26 of this year.

CHARTER FORM  
VOTED ON BY  
CINCINNATI

(ASSOCIATED PRESS TELEGRAM) Cincinnati, July 14.—The question of the disposition of a charter is being voted upon here today. The charter was framed by a commission of fifteen men and provides for non-partisan ballot, two candidates for mayor with the elimination of party emblems, small council, civil service and gives the mayor the appointment of all executives. The initiative and referendum is provided for but the recall will be submitted on a separate ballot.

Preparing Largest Gun in  
The World For Service on  
Fortifications at Canal

(ASSOCIATED PRESS TELEGRAM) Washington, July 14.—When its breach-loading device has been perfected at Watertown arsenal, the great 16-inch, the biggest piece of ordnance in the world, has been shipped from Sandy Hook proving grounds, it will be practically ready for service on the Panama canal fortifications. The carriage for this giant gun is now under construction at the Watertown, Mass., arsenal, it probably will be taken back to Sandy Hook for tests after being mounted and will not be shipped to Panama before next spring.

Some idea may be gotten of the tremendous power of this gun, destined to protect the Pacific entrance to the Panama canal, by the fact that it is fifty feet long, weighs 142 tons, and fires a projectile about six feet long. The projectile itself weighs a ton and is discharged by 665 pounds of powder. It requires eight men to carry the powder charge.

This gun has a maximum range of

22 to 23 miles, or half the distance

REPORT  
BEFORE  
SENATE

**Working to Frame Legislation For Control of Railroad Financing**

## THE NEW HAVEN AFFAIRS

**May Be Taken Up by Department of Justice and Dissolution Suit Will Be Filed Within Few Days—Possibility of Criminal Acts Being Considered.**

(ASSOCIATED PRESS TELEGRAM) Washington, July 14.—With its unmeasured denunciation of "the maladministration" of New Haven financial affairs and "criminal negligence of directors" the interstate commerce commission's sensational report on its investigation of the New England railroad lines was today before the Senate committee working to frame legislation for control of railroad financing interlocking directorates and other subjects concerned in the investigation.

Administration supporters declared that many of the recommendations of the commission agreed perfectly with portions of President Wilson's trust legislation program.

The next step in the New Haven affairs, however, was expected from the department of justice. Apart from alleged violations of laws of states and liability of the New Haven's directors, over which Attorney General McReynolds had said the federal statute has no control, the department was concerned chiefly in the commission's findings that all the acts described as "corrupt and unlawful" were for the purpose of setting up a monopoly in violation of the federal statutes. The department of justice has taken that view in its dissolution suit against the New Haven system which probably will be filed within the next few days, unless the railroad officials reserve their attitude and accept the terms of peaceful dissolution.

The possibility of any criminal acts being in violation of federal laws was being considered by the department but that phase of the case is apart from the dissolution proceedings. New Haven affairs were brought up in the senate during a "prosperity" debate between Senator Gallinger, Republican, and Senator Thomas, Democrat. The Republican senator read a clipping telling of the discharge of shop hands in Wilmington, Del., and the Democratic senator retorted that his colleague might be more solicitous of those who had suffered in New Haven operations as disclosed in the interstate commerce commission's report.

Senator Thomas quoted from the late J. Pierpont Morgan's will, the words in which the dead financier committed "my soul to the hands of my Maker."

"That will is a fitting companion piece to the commission's report," concluded Mr. Thomas. Certified copies of testimony and exhibits of evidence gathered by the commission's examiners were on their way by registered mail today to district attorneys in various jurisdictions in New York, Connecticut and Rhode Island in which New Haven transactions were carried out. The testimony and exhibits relate to such acts as the commission has characterized as unlawful but upon which state officers, if any, must act.

The entire record was sent some time ago to the department of justice where it has been under study by the attorneys in charge of the government's contemplated dissolution suit.

SAYS COMMISSION  
ACCORDED ACCESS  
TO FIRM'S BOOKS

(ASSOCIATED PRESS TELEGRAM) New York, July 14.—While J. P. Morgan & Co. consistently refused to discuss the report of the interstate commerce commission severely censuring the directors under the administration of Charles N. Mellen, for "reckless and profligate" financial operations estimated to have cost stockholders from \$65,000,000 to \$90,000,000, J. P. Morgan himself denies the charge that the commission's examiners were not accorded full access to the firm's books bearing on the New Haven. Correspondence made public at Washington told of Commissioner McChord's directing the chief examiner to cease the work as it was "useless."

Late last night Mr. Morgan issued this statement in reply: "The information with regard to the withdrawal of the interstate commerce commission's examiners from the examination of the books of our firm is the first intimation that I have had that they have been recalled."

The New Haven system is now out of the hands of the commerce commission and what action, if any, is taken on the recommendation that the directors be prosecuted, lies with

Conference Over Pending  
Legislation Will Be Held  
At the White House Tonight

(ASSOCIATED PRESS TELEGRAM) Washington, July 14.—Conservationists in congress looked forward with interest today to the conference which had been arranged to be held at the White House tonight when efforts are to be made to smooth out differences over pending conservation legislation. President Wilson, members of the cabinet and members of the House planned to consider the pending Adamson general dam bill.

The bill is designed to boom navigation on what are now, in the aggregate, thousands of miles of shoally streams with possibilities of power development if undertaken to promote navigation only.

The plan is to grant permits for fifty years periods for private construction of dams and locks so as to provide heads of water for generation of power and hydro-electricity for power purposes for communities needing light, fuel and power for manufacturing and other purposes.

President Wilson is taking considerable interest in the Adamson bill and so are Secretaries Lane, of the interior department and Garrison, of the war department, both of which departments would have jurisdiction

over respective details of the projects under the bill. Those who expected to confer with them included Democratic Leader Underwood, Representative Ferris of Oklahoma, and Leonard of Wisconsin, representing the public lands committee, and Representative Adamson of Georgia, and Stevens of Minnesota, representing the interstate commerce committee. Under the provision of the permits for building dams, the war department, after fifty years, may terminate all rights by giving the owner one year's written notice and by taking over the property for the United States and the fifty year term would continue until compensation shall be paid to the owner for the fair value of his property.

Representative Ferris and other opponents of the bill in its present shape, with whom Secretary Lane is understood to be aligned, say the bill might leave a loop-hole for grants for perpetual rights to private capital. They say that section 17 of the bill, apparently repeals the existing laws under which the great irrigation works have been built up, and they further urge that the jurisdiction of the war and interior departments should be clearly defined.

and that he would be asked to waive immunity. The search for the revolver with which Mrs. Bailey was shot, has led to the rumor that Dr. Carman would be asked to tell the grand jury what he knew of the murder and what knowledge he has, if any, of the missing weapon.

Detectives yesterday in their hunt for the weapon went over the route taken by Dr. Carman on the day following the murder. Mrs. Ida Powell, a sister of Mrs. Carman probably will be called before the grand jury. Mrs. Platt Conklin, mother of Mrs. Carman, is ill at the Carman home and it is feared she may not be able to testify.

WITNESSES TO  
BE CALLED IN  
BAILEY CASE

(ASSOCIATED PRESS TELEGRAM) Mineola, N. Y., July 14.—At the grand jury investigation today into the murder of Mrs. Louise Bailey in the office of Dr. Edwin Carman at Freeport, on the night of June 30, District Attorney Lewis J. Smith planned to call the members of the dead woman's family to trace her movements from the time she left her home in Hempstead until she arrived at the physician's office.

Tomorrow or Thursday, Mr. Smith announced that he would give Mrs. Carman, who is held in the county jail here charged with the murder of Mrs. Bailey, an opportunity to tell her story. Previous to the hearing Mrs. Carman, however, the district attorney, it is said, would call Celia Coleman, the Carman negro maid, who is expected to change her original story.

Another striking development in the case came today with the announcement that Dr. Carman would also be called before the grand jury

STATE PRESIDENT POWERS  
DELIVERS THE RESPONSE

**Hon. A. A. Stasel Addresses Convention on the History of Newark—Attorney General Hogan Will Be Present This Afternoon to Take Governor Cox's Place on Program, the Latter Being Forced to Cancel Engagement, on Account of Pressing Official Business.**

With a hearty welcome extended to the largest assembly of delegates in history of the Ohio Rural Letter Carriers' association, the twelfth annual convention opened here Tuesday forenoon. Mayor R. C. Bigbee and President R. W. Smith of the Newark Board of Trade extended welcome to the association delegates in response to greetings of County President D. A. Bricker.

The convention opened with the singing of "America," all standing, followed by benediction pronounced by Rev. Dr. L. C. Sparks, pastor of the First M. E. church. Hon. A. A. Stasel participated in the morning session by delivering an interesting outline of the history of Newark and its development socially and commercially. The session was then addressed by State President P. J. Powers, of Gibsonburg, O., in response to the welcome extended by the Newark speakers.

Roll call of officers and counties, report of the credentials committee and appointment of regular committees concluded the morning session. Many delegates answered to the first roll call and 62 counties responded. The afternoon session opened promptly at 1 o'clock, and after the reading of the 1913 journal, President Powers of the Ohio association delivered his annual address.

A "jollification session" was planned for the night, beginning at 7:30 o'clock. Wednesday will be known as patrons' day, when Hon. James R. Marker, state highway commissioner, will be one of the principal speakers. Hon. William A. Ashbrook, representative to congress from this district, is scheduled to address the meeting Wednesday forenoon.

The afternoon will be strictly a business session, devoted to reports of the various districts of the state, pleasure to extend to you a most hearty welcome to our midst. I trust that your stay among us will be very pleasant indeed, and that this, your annual meeting, will be productive of much good—that it will more firmly weld the chain of friendship and good fellowship that binds you together and that makes these gatherings so enjoyable and profitable.

"Personally I am a firm advocate of organization—believing that it is necessary to better and more intelligent service and the development within us of the better qualities and that it makes more apparent to us the best qualities of our associates.

"In looking over the delegates assembled I must express particular surprise at one thing you will pardon me for mentioning, and that is the splendid personal appearance of the gentlemen composing this convention, and I want to compliment you on that score.

"Now here in Licking county it is a well known fact that our rural carriers are a pretty fine looking bunch of fellows. In fact, most of them are regarded by the ladies as really handsome. But that is not surprising when I tell you that this has been the most important of all requisites when making an application for a job in this capacity—until today I had thought that this requirement was peculiar to this county—but after scrutinizing this assemblage, I am firmly convinced that it is requisite in every county in the state, and I will expect that at each succeeding meeting of this convention you will see the sprinkling of ladies which grace this morning's meeting very greatly multiplied.

"I will not take your time further, for we have on the list following me some real speakers, who I am sure you will be pleased to hear. "I want to assure you again of our pleasure in having you with us, and of our desire to do everything possible for your comfort and pleasure, even to the extent of having a heart to heart talk with the Mayor in your behalf in case any of his "boys in blue" gets their hands on any of you. I hope nothing of the kind will occur, but should it, I am sure our assistance would be appreciated. Now your committee has thought it would be interesting to you to have some one give you some of the history of this county, and, naturally, this would refer largely to early history—and my extreme youth (Continued on Page 10, Col. 3.)

with an address by Hon. A. P. Sandifer of the State Agricultural commission, and a round table discussion of 1st, 2nd, 3rd and 4th class mail. Judge W. A. Irvine is on the program for an address toward the close of the afternoon gathering.

Thursday, the last day, will be devoted to reports of officers and committees, election of officers, election of delegates to the national convention, and the selection of next year's convention city.

Newark is the first Ohio city to entertain the convention twice. The second annual convention, held in 1904, occurred here.

Secretary R. E. Ratcliffe received word Tuesday morning from Governor James M. Cox that he would be unable to address the convention Tuesday afternoon because of the special session of the legislature and other pressing official business. Attorney General Timothy S. Hogan has been secured in the governor's place and arrived in the city Tuesday afternoon by automobile.

President D. A. Bricker of the Licking county association called the meeting to order at 10:30, with a brief address welcoming the dele-

## The Contest

Mrs. E. Cover, Rushville, O., sends the following letter: "I am one among many that entered your contest and was the lucky one to get a year's subscription to your valuable paper, for which I thank you a thousand times. I think, without doubt, that it was the fairest contest I was ever in I have been in three and this is the first prize I have ever received. Some of the pictures are gems, especially the No. 70. It is the most clever one in the bunch."

Dr. S. R. Reelhorn, dentist, of Kirtlandville, writes: "Please accept my thanks for the premium that you have awarded me in your Booklovers' contest. The pleasure I derived from studying the pictures has paid me for the time spent so you see I am ahead to the amount of the prize. I think the answers fit the pictures very nicely. I had the correct answer to all of the ones that I considered hard except No. 42. The ones that I fell down on were among the very easiest ones, such as 'Little Cares of Every Day,' 'The Magic Melody,' 'Step by Step,' 'The Law Breaker,' etc. I hope you will not let the few knocks you have got discourage you in having another contest soon."

## COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Agents, Hall's drug store.

## IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.

## Next Sunday, Important Day In Tenth Street U. B. Church

BISHOP G. M. MATTHEWS, D. D., OF DAYTON.

Sunday, July 19, 1914 will be a "Red Letter" day in the brief, but successful history of the Newark Tenth Street United Brethren church.

Next Sabbath is the day set aside for the grand Rally Day, and time for the burning of the note, which marks the payment of all indebtedness for the lot purchased and temporary tabernacle erected not quite two years ago.

The church was organized July 8, 1912, with a membership of 45, and building dedicated September 1, 1912, at a cost of \$2200 for lot and building.

Since September 1, 1912, the church membership has grown from 45 to 135, and the Sabbath school has grown from 50 to 175 members; all expenses have been met and the entire debt wiped out. The Sabbath school alone has paid a little over \$1000 of this amount.

The church has active organizations as follows: A Men's Brotherhood, Sisterhood, Junior C. E., Senior C. E., an Offering Guild, and Sabbath school orchestra.

Rev. G. W. Tyler, now of Chillicothe, and Ed. M. Larson of this city, served the church as ministers during the first year, while Rev. S. R. Shaw, the present pastor, has efficiently served during the present year.

Rev. G. M. Matthews, D. D., Bishop of the Central District, will be with the church in all the services on

### CLEAR THE COMPLEXION.

Discovery That Removes Pimples, Eczema and All Skin Troubles.

If you are troubled with pimples, blackheads, acne, barber's itch, blotches, freckles or other skin diseases or blemishes, now is the time to get rid of it with Hokara.

This pure and simple skin healer is being introduced in Newark by Evans' Drug Store at the low price of 25c for a liberal sized jar, and they have sold hundreds of treatments.

It contains no grease or acids, is cleanly to use and is a true nourishment for the skin, cleaning and clearing it in every pore, making it soft, white and beautiful.

If Hokara does not do even more than is claimed for it and give perfect satisfaction, return the empty jar to Evans' Drug Store, and they will refund your money. If you have any skin trouble, you cannot spend 25c to better advantage than for a jar of this skin food.

### HOW ENGLISH BEAUTIES KEEP FACES YOUTHFUL

Christian Miller, F. C. I., noted English health expert, attributes the early aging of American women mainly to the national nervousness. The women of England, she says, can teach us the inestimable lesson of repose. Another valuable lesson to be learned from the English woman is that she does not go in much for cosmetics, the continual use of which must ruin any complexion. The beauty devotees of King George's realm have the mercurized wax habit, a more wholesome method of keeping the face, girlish-looking and healthy. Ordinary mercurized wax, used like cold cream, rejuvenates the worst complexion. Women here may easily acquire the habit, this wax being obtainable at drug stores generally in the United States and Canada. It is applied at night and washed off in the morning. One ounce is sufficient to completely renovate a bad complexion. It has a peculiar action in keeping the face free from the particles of dead and devitalized skin, which are constantly appearing.

## CITY WAS IN DARKNESS FOR OVER AN HOUR

Newark city was in darkness all of Monday night and store rooms, business houses, picture shows and residences depending upon the Ohio Light & Power company for light current, were also inconvenienced for over an hour about the middle of the evening; on account of trouble at the power plant in East Main street.

It was said at the office that a part of the machinery "went bad," but after the trouble was located it was quickly remedied and today everything is running as usual.

At the city power plant a crank pin became loosened and fell out of the engine, which made it necessary to shut down. The engine had to be taken to pieces and the men worked all night Monday, and today with the probability that the damage will not be repaired in time to turn on the lights tonight.

## FEDERATION OF UTICA CHURCHES

Last Sunday afternoon an enthusiastic meeting was held in the Christian church at Utica. It was called to order by that old standby, David Bricker, and was addressed by Hon. Edward A. Kibler, A. Ray Evans and E. W. Howard of Newark.

Notwithstanding the warm day, forty-nine men were present and expressed an earnest desire for information and direction as to the purpose and method of organization, which was effected as follows, for temporary purposes:

Harry Williams, president; Owen Hephrey, vice president; Charles Frances, secretary; Harry Smith, treasurer.

The following men were appointed as a committee on constitution and by-laws: Messrs. Park, Permar and Bwoe, who were instructed to report Friday evening, July 17.

Mr. Harry Williams, the new president, made a splendid talk and hereafter the five or six churches of Utica will co-operate with the county federation.

### AN UNFAILING WAY TO BANISH HAIRS.

(Beauty Notes)

Ugly hairy growths can be removed in the privacy of your own home if you get a small, original package of delicate and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.—Adv.

### Rules Against the Increased Rates for Shipment of Milk

Increase in rates for handling milk shipments, promulgated recently by the Ohio Electric railroad to be effective April 1, has been knocked out by a ruling of the Ohio utilities commission, and the road has announced its submission to the ruling.

Heretofore there had been but one classification of milk. The company's new rate schedule provided rates for milk, sweet cream and sour cream, charging an increase of about 50 per cent for handling sour cream. There was also about 40 per cent increase on rates as to size of cans.

The utilities commission ordered the company to return to the single classification of milk, on the contention that the new arrangement was illegal, but it allowed an increase of about ten per cent for handling five-gallon cans above that charged for ten-gallon cans.

The schedule of rates as approved by the commission has been filed with that body and will be effective Wednesday.

Should the classification as adopted by the Ohio Electric have been permitted to continue, it is said Ohio milk shippers would have paid the roads \$250,000 a year more than they are now required to pay.

## PROGRAM OF THE REDPATH CHAUTAUQUA

## NEWARK BOY MADE "GETAWAY" FROM A DEPUTY SHERIFF

Herbert Smith, 17, recently taken to Columbus, where he and Brady Whyde, also of Newark, were to answer to the charge of stealing a Columbus physician's automobile and driving it into the country where it was damaged and abandoned, was sentenced to the Lancaster Boys' Industrial school. Whyde was bound over to the grand jury. In addition to the Lancaster sentence Smith was ordered to pay \$90 for the damage to the car.

Monday in the Interurban station in Columbus, Deputy Sheriff Ehret had Herbert Smith, Ed. Kasper and Erwin Shoenau in custody to take to Lancaster. When he stopped at the ticket window to get change, the trio escaped. Shoenau is still missing. Smith and Kasper were captured Monday night and captured by motor cops in a barn in East Chapel street, Columbus, still handcuffed together. They were taken to the Franklin county jail and locked up in a "dungeon."

## STRIKE MAY TIE UP ROADS ALL OVER THE WEST

(Associated Press Telegram)  
Chicago, July 14.—An ultimatum in the wage dispute of 55,000 engineers and firemen of the 98 railroads west of Chicago was scheduled to be presented today to the managers of the roads. A gigantic strike which will tie up 128,000 miles of road is imminent unless an agreement is reached according to union officers.

The ultimatum, it was announced, contained the statement that 90 percent of the men had voted to strike unless their demands were acceded to, counting of the strike referendum ballots has just been completed. The next move is up to the roads. It may take the form of an appeal to the federal department of labor for arbitration.

Virtually all lines west of Chicago, the Illinois Central, and lines in Canada west of Fort William, except the Canadian Grand Trunk Pacific, are affected.

Wm. S. Stone, grand chief engineer of the Brotherhood of Locomotive Engineers, and W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, met the general manager committee of the railroad today. The session was prolonged until afternoon and no announcement of the result of the strike vote was made before the session which was behind closed doors, convened.

## Society

Mrs. Stump was hostess to the Minerva club at her home in Granville street on Thursday afternoon and eighteen members responded to roll call and a very interesting business session was held after which the hours were given to needlework and social conversation. At the close of the afternoon a delicious two course luncheon was served.

## I. W. W. YOUTH SEEMS TO PROFIT BY PUNISHMENT

(Associated Press Telegram)  
New York, July 14.—A bread and water diet for 120 hours, and a cement floor for a bed yesterday brought promises for good behavior from Frank Tannenbaum, the youthful Industrial Worker of the World leader, and today Warden Hayes of the Blackwell's Island penitentiary promised to end his stay in the solitary confinement cells. Tannenbaum, who was sent to the island for raiding a church, was one of the ring leaders in the recent riots.

While the number of insurgents has decreased by about a score, more than 100 were still holding out today for their "rights."

All of these remained in their cells. They include the leaders of the insurgents, all of whom are in solitary confinement.

Mrs. Mary Jenkins and son—Gardner of Parkersburg, W. Va., are visiting Mrs. Jenkins sister, Mrs. Chas. Smith of North Cedar street.

## MRS. WAKEFIELD ON TRIAL FOR SECOND TIME

(Associated Press Telegram)  
New Haven, July 14.—Bessie J. Wakefield was today placed on trial for a second time under an indictment for murder in the first degree in causing the death of her husband, William O. Wakefield at Cheshire, June 23, 1913. The woman was found guilty of the murder on Oct. 31 and sentenced to be hanged on March 4 last. Upon an appeal the Supreme court of errors granted a new trial.

James Plew who actually murdered Wakefield, was convicted in a separate trial and paid the penalty for the crime. Mrs. Wakefield and Plew had been close friends. The state alleged in the first trial of Mrs. Wakefield that the woman was the master mind in a plot to kill Wakefield.

## Obituary

John N. Kailor.  
John N. Kailor, who lived in Newark as superintendent of the Newark Machine company, until the removal of that plant to Columbus, O., died at his home in Columbus, Indiana, at 8:30 o'clock Tuesday morning, after an illness of about a week with diabetic blood poisoning, aged sixty-five years.

The deceased was born on a farm near Hagerstown, Md. and when 15 years of age went to that city and learned a trade under the late Abraham Miller, afterward marrying Mary E. Protzman, a sister of Mrs. Sophia C. Miller, who died last Thanksgiving.

He continued his association with Mr. Miller and removed with him from Hagerstown, Md., to Newark in 1881, when the agricultural implement manufacturing plant located in this city as the Newark Machine company. His connection with this company continued until he located in Columbus, Ind., where he became general superintendent of the Reeves company, manufacturers of clover hullers, traction engines and other farm implements, which position he has held for nearly 20 years until his death.

Mr. Kailor leaves a widow and four children, Joseph P., James D., Misses Salome and Nora Kailor all of Columbus, Ind.

Three nephews and one niece live in Newark, William P., Ed C., and in Miller, and Miss Mary L. Miller. The two former and Miss Miller will attend the funeral at Columbus, which will take place Thursday afternoon at 2 o'clock.

Mrs. Dayne's Funeral.  
Mrs. Elizabeth Dayne, aged 86, who died at Columbus Sunday, was buried today at New Albany.

Evan Evans.  
Evan Evans, aged 73, died Saturday evening at 10 o'clock, at his home in Summit Station. Diabetes was the cause of his death. Funeral services were held at the residence Tuesday, July 14, at 2 p. m. Interment in Silent cemetery, Reynoldsburg.

Tony Andy.  
Tony Andy, age 27, died at the Mt. Carmel Hospital in Columbus on Monday morning. He had been there the past year and death resulted from emphysema. The body was brought to Newark and taken to the undertaking parlors of J. A. McGonagle in West Main street, where the funeral services were held at 2 o'clock Tuesday afternoon and burial was made in Mt. Calvary cemetery.

## LIMITED CAR CRASHES INTO A WORK TRAIN

(Associated Press Telegram)  
Ellyria, O., July 14.—Four persons were injured, one fatally, and thirty passengers badly shaken up when an eastbound limited car on the Cleveland and South Western interurban trolley line collided with a work train at a siding three miles west of this city at 10 o'clock this morning.

The injured, Ricco Coanulo, Oberlin, skull fractured, probably fatal. Kate Simon, 192 Pleasant street, Oberlin, head and body injured.

James A. Silva, traveling salesman, Sandusky, chest crushed, possible internal injuries.

Rev. Vernon Emery, Wellington, head cut, internal injuries.

The work train, consisting of two cars, was trying to pull into a siding to permit the limited to pass and was not quite into clear when the limited crashed into it.

All the injured were in the smoker. The limited was in charge of motor-man Ben Casson and conductor H. M. Plankell, both of Ellyria. Neither was hurt.

## UTICA.

The home of Mr. and Mrs. R. T. Brinkerhoff on Mechanic street, was the scene of a very pretty social function last Friday evening. While Mr. and Mrs. Brinkerhoff were spending a short time at the home of a friend, about forty invited guests took possession of the house. Upon their return they were a little surprised at their increased family, but soon recovered sufficiently to make all feel at home. The evening was spent in playing various games and in taking part in contests. After partaking of a very fine luncheon all left for their homes feeling amply repaid for attending. The following were present: Messrs. and Mesdames C. W. French, Simon Shaw, B. Parsons, Dan Blaney, J. W. Du Hadway and daughter Miss Eva, Mayson Sewell, A. Williams, O. H. Pernar, C. P. Smith, Will Houser, W. D. Cheadle, Frank Abbott, Frank Loyd, W. W. Reynolds, Mrs. Cary McClelland, Roy Parsons, aside from the Brinkerhoff family. The whole affair was planned and managed by Mrs. E. K. Morrow, daughter of Mr. and Mrs. Brinkerhoff.

Several from here went on the excursion to Cedar Point Sunday.

The ball game at Stanton Field Friday was a very exciting one. The participants were the All Stars of Mt. Vernon and the play ground team of Utica. The game lasted for 15 innings and resulted in an 8 to 5 victory for Mt. Vernon. Considering the lack of practice on the part of Utica, and the professionals on the Mt. Vernon team, the game was very good. Abbott, Richards, Hall and Bell were the stars for Utica.

The several typhoid fever patients of Utica and vicinity are getting along nicely and will soon be out again.

Mrs. James Parks, who was so seriously injured some time ago by being thrown from a buggy was brought to her home Saturday from the Newark Sanitarium.

The King's Heralds will meet at the M. E. church Saturday of this week at 2:30 o'clock.

Mrs. F. E. Watson of Columbus was a visitor in our village last week.

Their household goods have been shipped to Columbus and Mr. and Mrs. Watson will soon be at home to their friends on Fourth avenue, Columbus.

At recent meetings of the boards of education concerned, it was agreed that Washington township, Burlington township, and Utica village should unite in a district for supervision purposes. This will include two high schools of the first grade and will take in twenty-seven teachers. It is one of the strongest districts so far formed in the county. If the county board sees fit to add more territory there will be more teachers and greater strength added to the district.

Saturday, July 25 has been set as the date for Field Day at the Stanton Park. Mr. Ollinger, the district, has worked up a series of events that will be really a battle, while to witness. Don't fail to be present.

Miss Mary Harris is constructing a six room new house on South Main street. When finished the home will be occupied by Mr. Bert Lindemore of the Keystone store.

Mr. B. F. Bennett and family leave Wednesday for a three weeks' visit with friends and relatives at Defiance.

Mr. Almus Mason and family have moved to Ashland where Mr. Mason is to be employed in the gas field.

Mr. D. A. Bricker, president of the Licking County Rural Letter Carriers' Association, left Monday to be present at the state convention to be held in Newark this week.

Messrs. Edward Kibler and A. R. Evans of Newark gave addresses Sunday at the Church of Christ, relative to the importance of the coming primary election.

## ARE PREPARING RECEPTION FOR THE NEWLYWEDS

(Associated Press Telegram)  
Oyster Bay, N. Y., July 14.—Theodore Roosevelt interrupted his rest cure for several hours today to arrange a celebration in honor of the arrival at Sagamore hill of his son, Kermit, recently married in Madrid, and his bride. They are expected here within a day or two. Old friends of the Roosevelt family among the Oyster Bay villagers, will be bidden to meet the bride.

Tomorrow the Colonel makes his weekly journey to Progressive headquarters in New York where he will confer with state leaders and possibly, with progressive leaders from other states, concerning the request of the New York leaders that he run for governor this fall.

## OWL THE SYMBOL OF WISDOM SLEEPS IN THE GALLERY

(Associated Press Telegram)  
Washington, July 14.—Roosting high on a ledge in the Senate gallery today a "snoozing owl" peacefully snoozed while the Senate was in session. Through an open door the strange visitor was in plain view of Vice President Marshall. The bird showed no interest in the anti-trust legislation or the introduction of bills and resolutions, but just kept on snoozing.

## IDENTITY OF MOHAWK RIVER VICTIM HAS BEEN ESTABLISHED

(Associated Press Telegram)  
Schenectady, N. Y., July 14.—Eva Kenska, formerly of New York City, is believed by the police to be the Mohawk river victim. Many clues pointing to her were obtained last night but not until today was her full identity established. She was known here merely as "Eva."

The girl lived with a man here whose name the police have been unable to learn. Later she disappeared and her companion sold their household goods and dropped out of sight.

**Chicago Grain Situation.**  
Chicago, July 14.—Southwestern reports of damage from black rust steady, but wheat market today in the face of bearish cables. The amount of territory affected by the plague seemed to have been considerably extended, and it was said that in the districts where the rust prevailed the bumper crops were the only variety which had escaped harm. Opening prices, which were a shade to 3/4c lower, were followed by a recovery to last night's level.  
Predictions of rain weakened corn. Selling pressure, however, was not heavy. After opening 1/2c off to 3/4c up.

## WHAT IS IT?

Seen at the circus.

Answer to Monday's puzzle —

Guider.

the market underwent a decline all around.

Outs sagged with corn. The July option, especially, suffered from lack of support.

Changed receipts of hogs made provisions ease off. Land held up better than pork or ribs.

## TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headache, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness."

"I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. MARY JOHNSTON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case.  
Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes."

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HORNBERGER, R. No. 3, Ephrata, Pa.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## New Corn Cure A Real Marvel

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out this corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

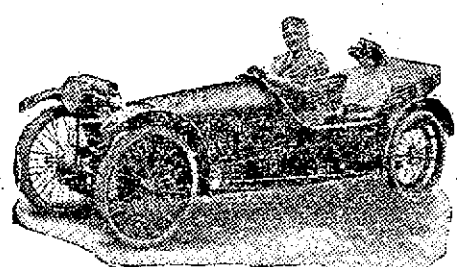

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.

Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

## Here's An Electric Farm in Licking Co.; Motors Do Duty

You grandmothers and grandfathers who have found the old ways of doing things to be good enough, and you latter day folks who believe your methods are modern, read this and heed well what time-saving devices have been worked out by modern genius and harnessed onto practical machinery which used to be used in the old way.

Who'd ever think of sending old Dobbin to market with the eggs and butter while you hitched your automobile to the hay fork and pulled the day's harvest into the mow?

Who but a modern genius would think of washing her breakfast dishes while electricity did the churning?

Who'd ever get the idea that time on the farm could be saved and the work expedited by making the same machinery that puts the hay away put away enough current to run electric lights in the house and barn?

Who? Did you ask?  
Nathan Mack and his good wife, who live on their cozy little farm three miles southwest of Browns-ville. Sight-seers call that farm a modern Eden.

That Eden business may be a slight exaggeration, for while there are not a few good apples, there aren't any snakes. It's a charming little place, anyhow.

Mr. Mack has eighty-two acres of good farm land. He has a nice eight-room residence, a good, roomy stable, 36 by 52 feet, a spring house, coal house, corn crib, and wagon shed.

And every one of those buildings is lighted by electricity! Those electric lights point the way after night, and in the day time Mack's home may be seen a long way off with its white, cross-boarded fences enclosing fields and buildings. It is only broken in one place, and that is directly in front of his residence where he has substituted an artistic wire fence for the one of boards.

The power for these lights—remember, ninety of 'em—comes from a storage battery charged with the surplus power generated by a

three-horse-power gasoline engine in the basement of the barn.

In addition to furnishing power for his private light plant, Mack uses the gasoline engine to do all sorts of work.

He has an Overland automobile. Last summer he worked out a scheme for raising hay from the wagon into his barn loft. This was it:

He jacked up the rear axle of the automobile, took off a tire, slipped a belt over the wheel, connected the outfit to his hay fork, suspended from a central beam in the barn, turned on the power—and the trick was done!

But he soon found that it was troublesome to hitch and unhitch his automobile whenever he wanted to hoist hay, so he bought a special motor—three H. P.—and produces the same results now without his automobile.

The surplus energy from this engine goes into sixteen storage batteries which afford power for the light plant, lighting the house, barn, cellar, spring house, coal house, corn crib and wagon shed, all from a single switchboard. Pretty nifty eh?

Mrs. Mack, not to be outdone by her husband's plan of harnessing natural power, asked that she be given some equipment to help her in her housework. It was agreed.

Today Mrs. Mack does her family washing in about one third the usual time. The washing machine is harnessed to a three-fourths horse-power dynamo which sets on a shelf in the spring house.

When the churning's to do, Mrs. Mack hitches up her electric "hired girl," and while the housewife is doing the breakfast dishes "Butter's coming!"

It's worth a trip out to Browns-ville and three miles beyond to see the Mack farm. The house is in the center of a well kept lawn, with nice shade trees and cement walks. All buildings on the farm are well kept, and so successful has been the electric help on the place, that several other ideas for its use are about to be worked out by Mr. and Mrs. Mack.

## ELECTRIC "TOWEL" A NEW WRINKLE FOR DRYING HANDS

In hotel, factory and public lavatories where roller towels should not be used because of the danger of spreading skin diseases, and where the expense of furnishing individual paper or cloth towels is considerable, the electric hand drier may be used economically and satisfactorily. A sanitary hand drier described in the Electrical World consists of a sheet-metal case with an opening in its top in which the hands can be inserted and dried by a current of hot air. A foot pedal operates a quick-acting switch which starts a blower forcing air through the electric heater. The hand drier is, of course, absolutely sanitary as it is unnecessary to touch any part of the apparatus when using it. The hands can be thoroughly dried, it is declared in from thirty to forty seconds, which is less time than is required to perform the same operation with a linen or paper towel.

## Theatres

Amateur Night at the Auditorium Wednesday.

Big amateur night at the Auditorium Theater, Wednesday evening. Come and see your friends perform and enjoy yourself as you have never done before. There is great fun awaiting you so come with the crowd and have a good time.

Look over this list and see how many of the amateurs you know.  
Young Streak and Kid Rider will box four rounds and all those who

know these two will vouch that the rounds will be crowded with excitement fast and furious. The rounds will be two minutes each with one minute rest. This will be the first time that the numerous friends of these two popular young men will have the opportunity of seeing them face each other in the squared circle. Come and see them as they will certainly make it worth your time.

A local colored boy will sing, whistle, mock birds, trains, animals, etc. He is well known to most people in Newark.

B. N. Shriver and Jesse Cline will present a sketch entitled "The Millionaire's Son and the Working Girl." They have rehearsed their play for a long time and they are sure to make a big hit with it. The sketch is full of comedy and some of its situations are very well drawn.

Madeline Cluse will sing several of the latest songs. Miss Cluse is well known in Newark and a host of her friends will be on hand to help her carry off one of the prizes.

Maritelle Bros. will present a comedy farce entitled "The Haunted Mansion." This sketch is very funny and all of the situations are very pleasing and very entertaining.

A. Loots will be having weight with his teeth. Mr. Loots is a well known young man about Newark and those who know him say he is some weight lifter.

Come and see the fun.

## Many Recoveries From Lung Trouble

A medicine for Throat and Lung Troubles which has been thoroughly tested for many years, and which has been instrumental in restoring complete health to a large number of sufferers, should be thoroughly investigated by everyone. Wills' Bronchitis Remedy has been given the full credit in saving lives in many cases. Read this case:—  
"Gentlemen:—In January, 1913, I was taken with hemorrhages of the lungs. My physician, one of the leading practitioners of Philadelphia, Del., said that it was lung trouble. I took eggs and milk in quantities, but I got very weak. Mr. C. A. Lippincott of Lippincott & Co., Department Store, 300 to 324 Market street, Wilmington, Del., recommended to me Wills' Bronchitis Remedy. I bought a great good, and upon his suggestion I began taking it at once. This was about March 10th. I continued taking it, using no other remedy, and finally noticed that the lungs I now have no more trouble with my lungs. I have been cured. Wills' Bronchitis Remedy saved my life."  
(Above abbreviated; more on request.)  
Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Struborn Coughs, and in upbuilding the system. Contains no poisonous poisons, and no harmful drugs. Ask for booklet telling of recovery, and write to Eckman's Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

## CREDIT MEN SAY BUSINESS IS O. K.

At the recent annual convention of the National Association of Credit Men in Rochester, N. Y., having a membership of 18,500, of whom more than 1,000 attended the convention, the following resolutions were adopted:

"Resolved: That we, the members of the Association, return to our respective homes in the firm belief that the foundations of American Commerce were never stronger and surer than today, that there has never been a time when the advance toward larger prosperity and expansion could proceed with so great safety, never been a time when the business men of the country were so broad and intelligent in their sympathies and so ready to co-operate unselfishly for that which makes for better business, never been so prepared to join with those in authority and each other in the process of lifting business methods and systems to levels where they will be of better service for the whole people, and be it further

"Resolved: That the members of this association take up the work of another year, each determined to do his utmost in building a bigger and better business for America, each fully appreciative of his responsibility in guarding against sentiment, influences and methods which tend to check that prosperity which is the rightful claim and heritage of every American citizen."

tion of the Gillette anti-polygamy amendment to the constitution of the United States. The association is also working for better observance of the Lord's Day, more uniform and Scriptural divorce laws, the reading of the Bible in all public schools, and education in the principles and duties of citizenship. The purposes and criminal practices of the Mormon hierarchy will be shown up in the address Wednesday night. All welcome.

**AMERICAN ARRESTED.**  
(Associated Press Telegram.)  
San Antonio, Texas, July 14.—Manuel Trevino, an American citizen and manager and part owner of the electric light plant at Matamoros, Mex., has been arrested by constitutionalists, charged with having committed acts against the constitutionalist cause, according to a dispatch from Matamoros.  
As a result of Trevino's arrest the electric light plant has been forced to discontinue operation and the town is in darkness. The Matamoros authorities have requested Jesse H. Johnson, United States consul, to have appointed another manager for the plant.

## RESINOL WILL HEAL YOUR SKIN

Stops Itching Instantly, and Clears Away Unsightly Eruptions.

No matter how long you have been tortured and disfigured by itching, burning, raw or scaly skin humors, just put a little of that soothing, antiseptic Resinol Ointment on the sores and the suffering stops right there! Healing begins that very minute, and your skin gets well so quickly you feel ashamed of the money you threw away on useless, tedious treatments.

Resinol is also an excellent household remedy for pimples, dandruff, sores, burns, bruises, boils, and for a score of other uses where a soothing, healing application is needed. It contains nothing of a harsh or injurious nature and can be used with confidence on the tenderest or most irritated surface. Practically every druggist sells Resinol Ointment (50c. and \$1.00), and Resinol Soap (25c.). For trial free, write to Dept. K. K. Resinol, Baltimore, Md. Ask for Resinol by name and thus avoid "substitutes" sometimes offered by unscrupulous dealers.

## HOW MANY PEOPLE DO REALLY KNOW THE TRUE CONDITION OF THEIR EYES?

Come to Us, We Can Help You. We  
 Know How.

A well known Newark business  
 man came to me to be fitted with  
 glasses some four or five years ago.  
 He had suffered intensely and had  
 tried several of the best oculists  
 but never secured relief or perfect  
 fit. The glasses he purchased from  
 me relieved his suffering and gave  
 entire satisfaction. His name can  
 be had by those suffering for the  
 want of perfect fitting glasses by

 July 16.

**At Buckeye Lake.**  
 Katherine Hack, Anna Hack, Jean  
 Heil, Marie Heil, all of Wheeling,  
 W. Va., and Jean Zwilling and Fran-  
 cis Zwilling of Cleveland, are spend-  
 ing their vacation at Buckeye Lake.

**Asks New Location.**  
 E. W. Jones Monday afternoon filed  
 an application with the liquor licens-  
 ing commission to change his saloon  
 from its present location in 52 South  
 Second street to 333 North Fourth.

**W. C. T. U. Meeting.**  
 The Frances Willard W. C. T. U.  
 will hold a mothers' meeting Wed-  
 nesday afternoon at 2:30 o'clock at  
 the home of Mrs. William Swisher,

**To Locate in Pittsburg.**  
 Frank C. Bartholomew, who has  
 been local ticket agent for the B. &  
 O. railroad company for a number  
 of years, has placed his North Fifth  
 street residence property in the  
 hands of selling agents and is plan-  
 ning to locate in Pittsburg, Pa., in  
 the early fall.

**Improving Nicely.**  
 James Fitzgibbon, son of Attor-  
 ney James R. Fitzgibbon, who had  
 his leg broken six weeks ago while  
 playing with some of his companions  
 near his home, is improving and the  
 injury will have no permanent ef-  
 fect upon him. His leg is still in  
 the plaster paris cast but will be  
 taken out of it within the next  
 several days.

**Home From Brevoort.**  
 Mr. and Mrs. E. J. Maurath re-  
 turned Monday evening from a sev-  
 eral weeks' outing at Mackinac  
 Island and Brevoort Lake in north-  
 ern Michigan. Mr. Maurath states  
 that the fishing was fine and that he  
 landed several catches of pike weigh-  
 ing over ten pounds. The popular  
 Newark cod dealer is known as one  
 of the best anglers at Brevoort,  
 which resort he has visited yearly for  
 many seasons. He remembered  
 his Newark friends with excellent  
 samples of his prowess with rod and  
 reel.

**COUPLE KILLED  
 BY B. & O. FLIER  
 NEAR AKRON, O.**

(ASSOCIATED PRESS TELEGRAM)  
 Akron, July 14.—Miss Irene  
 Dailey, Green town, Pa., and Law-  
 rence Reder, nurse at the Cuyahoga  
 Falls sanitarium, were struck and  
 instantly killed at 12:30 a. m. Tues-  
 day by a westbound Baltimore and  
 Ohio flier. Both bodies were horri-  
 bly mangled.

Miss Dailey was a school teacher  
 who was spending her vacation at  
 the sanitarium where she was em-  
 ployed as a maid. Reder's home was  
 in Apple Creek, Ohio. He had been  
 a nurse at the institution six  
 months.

Reder and Miss Dailey were out  
 for a walk. At the front street  
 crossing they waited for a freight  
 train to pass. As the freight cleared  
 the crossing they stepped directly  
 in the path of the passenger train.

## TELL WILSON CONDITIONS IMPROVING

(ASSOCIATED PRESS TELEGRAM)  
 Washington, D. C., July 14.—  
 President Wilson continued yester-  
 day his conferences with business  
 men on conditions throughout the  
 country and their bearing on the  
 anti-trust program. He saw Raph-  
 ael Herman, of Detroit, and Joseph  
 G. Branch, of Chicago. Other confer-  
 ences of a similar nature will be held  
 at the White House later this week.  
 Mr. Herman, who was introduced  
 to the president by Representative  
 Doreus, of Michigan, told the presi-  
 dent that, in his opinion, business  
 men generally agreed that anti-  
 trust legislation should be put  
 through at the present session of  
 congress and that business condi-  
 tions generally were improving.

**MYERS WIDOW IN  
 THIS CITY GETS  
 AWARD OF \$2,708**

(ASSOCIATED PRESS TELEGRAM)  
 Columbus, July 14.—The state in-  
 dustrial commission granted an award  
 of \$2,708.16 to the widow and two de-  
 pendent children of Charles A. Myers of  
 Newark, today. Myers, while employed  
 with the Wehrle company of Newark,  
 was killed when thrown against a ma-  
 chine. Funeral expenses amounting to  
 \$150 were also allowed by the com-  
 mission.

**Entertainment for  
 the American Cadets  
 Visiting in Canada**

(ASSOCIATED PRESS TELEGRAM)  
 London, July 14.—The American bat-  
 tleships Missouri and Illinois arrived  
 from Gibraltar today and anchored in  
 the Thames off Gravesend, where they  
 will remain about a week. On board  
 is a large party of cadets from the  
 naval academy at Annapolis, who have  
 been making their annual cruise.  
 Captain William F. Fullam, super-  
 intendent of the practice squadron,  
 found a sheet of invitations awaiting  
 him his officers and the cadets. They  
 came from British naval men and  
 from various American societies in  
 London who have arranged many en-  
 tertainments for the American visi-  
 tors.

The officers of the American bat-  
 tleships will reciprocate by throwing  
 the vessels open to visitors. On July  
 20, the American officers will partici-  
 pate in the dedication to Pechonantas  
 in St. George's church, Gravesend, of  
 two memorial windows which Amba-  
 sador Walter Hines Page will formally  
 present on behalf of the dames of Vir-  
 ginia.

**RATTLER CAUSES  
 STAMPEDE IN A  
 WAITING ROOM**

(ASSOCIATED PRESS TELEGRAM)  
 Philadelphia, July 14.—Several  
 hundred persons at the Broad street  
 station of the Pennsylvania railroad  
 were thrown into a panic last night  
 by the sudden appearance of  
 an eight foot diamond back rattles-  
 nake. Accompanied by the shrieks  
 of frightened women, commuters  
 hurriedly deserted the train shed  
 and left the rattler in supreme pos-  
 session. Finally special officers cap-  
 tured the monster with a bag and  
 took him to the city hall where he  
 was turned over to the zoological  
 garden authorities.

It is not known where the snake  
 came from but it is believed it ar-  
 rived here in a carload of tropical  
 fruit.

**SAYS JONES WILL  
 BE CONFIRMED**

(ASSOCIATED PRESS TELEGRAM)  
 Washington, July 14.—Adminis-  
 tration senators after a canvass to-  
 day reported to the White House that  
 President Wilson's nomination of  
 Thomas D. Jones, of Chicago to the  
 federal reserve board would be con-  
 firmed by a majority ranging from  
 five to ten.

There were no developments in the  
 nomination of Paul M. Warburg of  
 New York. Indications were that the  
 White House would not begin the  
 fight for his confirmation until after  
 Mr. Jones had been placed.

**ESTABLISH NEW  
 WORLD'S RECORD  
 FOR ALTITUDE**

(ASSOCIATED PRESS TELEGRAM)  
 Leipzig, July 14.—A new world's  
 record for altitude for an aeroplane  
 was established here today by Hein-  
 rich Oelerich, a German aviator,  
 who rose in his biplane 7,500 metres,  
 or approximately 24,606 feet, nearly  
 four and three-quarter miles.

The official world's record, 6-  
 600, metres or approximately 21-  
 654 feet, had been established only  
 on July 9 at Johnsthal by Otto  
 Linnekegel another German airman.

**TWENTY ROUND  
 FIGHT TONIGHT**

(ASSOCIATED PRESS TELEGRAM)  
 Denver, Colo., July 14.—Charlie  
 White, of Chicago, and Stanley  
 Yoakum, of Denver, will meet here  
 tonight in a twenty-round boxing  
 contest. Both men will weigh  
 slightly under 133 pounds. In  
 sporting circles, added interest is  
 taken in the match because of  
 White's recent favorable showing in  
 Milwaukee against Willie Ritchie,  
 formerly lightweight champion.  
 White is a favorite in the betting.

**ELECTED BY ACCLAMATION.**  
 (ASSOCIATED PRESS TELEGRAM)  
 Denver, Colorado, July 14.—Ray-  
 mond Benjamin, of Napa, California,  
 was elected Grand Exalted Ruler of  
 the Benevolent and Protective Order  
 of Elks today by acclamation.

## CONSULT ON CONSTRUCTION NEW SUBWAY

A meeting of prominent Pennsylv-  
 ania and Baltimore and Ohio rail-  
 road officials was held in the council  
 chamber in the Trust building at 2  
 o'clock Tuesday afternoon, to consult  
 about the subway construction from  
 First to Sixth street, with city offi-  
 cials. The railroad men present were  
 Paul Didier, principal assistant en-  
 gineer of the B. and O. from Pitts-  
 burg; B. V. Somerville, F. H. Watts,  
 and Division Superintendent J. C. Mc-  
 Cullough of Pittsburgh, representing  
 the Pennsylvania, J. F. Irwin and T.  
 J. Daly of the B. and O. at Newark.  
 Henry Moetzel and R. H. Simpson,  
 the consulting engineers of Colum-  
 bus, who have had charge of the  
 grade crossing elimination work in  
 Columbus, and have been employed  
 by the city of Newark in the same  
 capacity, were also present.

City Solicitor Ralph Norpell, En-  
 gineer Charles H. Wells, and Service  
 Director W. C. Christian, directly rep-  
 resented the city.  
 The manner of subway construc-  
 tion in Newark was informally dis-  
 cussed, whether it was or was not the  
 better plan for the city to do the  
 street work and the railroads to do  
 the track elevation. In some cases  
 this division has been very satisfac-  
 tory, in others the railroad has done  
 all the work, letting the street work  
 out to a general contractor at bids  
 approved by the city authorities.

It is generally understood that the  
 first thing that the Pennsylvania  
 company will do is to get a new lo-  
 cation for freight house facilities, so  
 that the freight traffic will not be in-  
 terrupted when actual work on the  
 subway begins.

A representative of this company  
 stated that as far as it was con-  
 cerned, it would rather that the  
 whole work be postponed as condi-  
 tions in railroad matters were not  
 such as to justify the expenditure  
 of large amounts of money in im-  
 provements, at the present time, or  
 until the proposed rate increase had  
 been settled and results had been  
 felt.

However he further stated that this  
 company stood ready to do its  
 part and the sentiment of the B. &  
 O. men expressed informally was  
 about the same.

**TWO KILLED BY  
 LIGHTNING AT  
 NEW HOLLAND, O.**

Circleville, O., July 14.—Two men  
 were killed by lightning and consid-  
 erable damage was done to property  
 by a rain and electrical storm which  
 swept Pickaway county late yester-  
 day. At New Holland, James Baney,  
 70, civil war veteran and his grand-  
 son, Carl Gerhardt, 19, were instan-  
 tly killed when lightning struck a  
 barn in which they had taken refuge.  
 Young Gerhardt leaves a bride of a  
 few weeks.

**NEW PHONE NUMBER.**  
 The telephone number at Council  
 Clerk J. S. Woodward's office in the  
 new city building is now 1963 in-  
 stead of 3545.

Ernest Garrison was sent to the  
 Columbus workhouse today by  
 Mayor Bigbee to serve a fine of \$25  
 and costs for disorderly conduct.

Great fun at the Auditorium to-  
 morrow night. d-1t

NEW BUILDING TO BE BUILT BY "OLD HOME"

Work will soon begin on the handsome new structure to be erected by the Home Building Association company, at the corner of West Main and Third streets on the old Patton corner site, most recently occupied by the City Drug Store.

The increased business of the association has entirely outgrown the present quarters and the new building was a necessity to the association as it will be an ornamental and welcome addition to the modern business houses of Newark. This growth has been rapid and uniform since the incorporation in March, 1880, and the careful management and thoroughly approved business methods in use has combined to make the Old Home rank as one of the soundest financial institutions in Ohio. The present assets total over \$1,500,000, exceeded by only one other financial corporation in Newark. This is more remarkable when it is considered that the savings function is the only one exercised by the Home, and all of its funds are loaned on real estate, and it does no commercial banking whatever.

Coming back to the new building, it will be constructed of sand finish terra cotta, and brick, two stories high and fronting 22 feet on Third street and 60 feet on West Main street. The association will occupy practically the entire building.

Next week workmen will begin tearing down the old building to make room for the new, and work on the latter will commence right away. It is expected the structure will be ready for occupancy in about 7 months.

The architect is Lewis H. Sullivan of Chicago, one of the foremost architects in the United States, whose design for the transportation building at the Chicago World's Fair, gained for him a decoration from the French government. His plans in general have been accepted, and he is now at work completing the details.

There will be an entrance from Third and also one from Main street, and the entire construction will be along lines that will reflect beauty, durability and progressiveness in architectural design.

TWELFTH ANNUAL

(Continued from Page 1.) would preclude the possibility of my incorporating this in my talk, so for this subject I take great pleasure in introducing to you my esteemed and venerable friend, the Honorable Albert A. Stasel. I thank you.

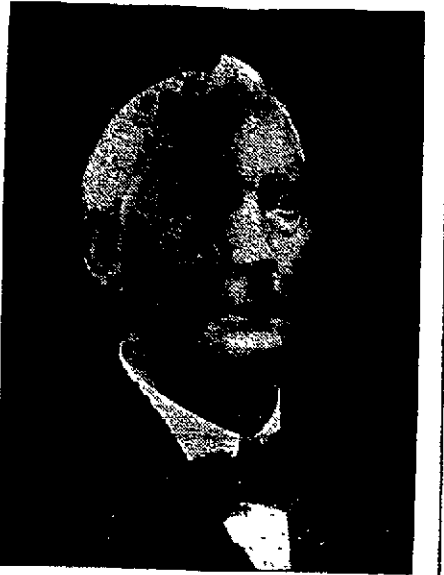

Hon. A. A. Stasel touched briefly on the history of the county, making a passing reference to historic Black Hand rock and the traditional path of DeSoto through this county, then called the attention of the visitors to some of Newark's leading industries and points of interest, with particular emphasis on the ancient earthworks in Mountbuilders' Park and the Country Club grounds. He urged the visitors to take time to see some of the places of interest and instruction here, in that way to form a more lasting impression of Newark and its advantages.

His reference to Licking county's great mileage of macadam and concrete pikes brought enthusiastic applause.

State President P. J. Powers was greeted with loud applause when he was introduced to the convention by County President Bricker. President Powers said:

Mr. Chairman, Honored Representatives of the City of Newark Brothers and Sisters Carriers Ladies and Gentlemen: I am sure I voice the sentiment of every rural carrier present when I say we are glad to be here in Newark. Ever since the meeting at Wooster one year ago we have looked forward to this meet-

ing and our expectations have been realized. We are glad to be here. We appreciate your hearty hospitality and the sentiment of several hundred rural carriers who would be glad to have this opportunity of being present but some one has to stay on the job and deliver the letters, some of them will be messages of cheer and some will cause sadness. I wish to thank the carriers of Licking county and the People of Newark for their cordial welcome. While we expect to be busy in our convention work we are going to take time to accept your generous hospitality and entertainment which notice by the program has been provided for us. The Ohio Rural Letter Carriers' Representatives that are gathered here are a branch of the National association. The object of this association is to unite for mutual benefit so to increase the efficiency of the service in which we are engaged in to better ourselves for performing the

Parcels Post rate in this first rural zone. Possibly very few merchants have ever taken the time to take a peep into or make inquiry of his postmaster the rate he has in reaching his customer on a rural route that goes out of his town but finds fault with the department and congress for starting such a thing. One of the patrons on my route sent for 100 pounds of sugar. He could have bought the sugar of a home merchant, counting the freight for 10 cents less and had it delivered at his parcel post. All a merchant has to do is to send out his advertisement with bargain days and if the farmer hasn't time to come to town his wife has. And now brother carriers let our conduct be such that the good people of Newark will be sorry when we depart for our homes, and again Mr. Chairman I want to thank you for the welcome we are receiving.

Music during the morning session was furnished by Mr. William H. Reynolds, Mr. Frank Graham and Miss Emily Hamilton, with Miss Mary Neal as accompanist. Mr. Reynolds in his first public appearance since his recent illness, gave "The Bandolero," with "When I Dream of Old Erin" as an encore. Miss Hamilton sang "Isle d'Amour," and a trio consisting of Miss Hamilton and Messrs. Reynolds and Graham sang "In the Garden of My Heart."

On The Incurability Of Bright's Disease

Suppose we agree with those who believe Bright's Disease is incurable and use the term "life prolonged." Now let us cite three cases.

It was 22 years ago that the daughter of the late N. W. Spalding, then Mayor of Oakland, was at the end of a long siege of Bright's Disease with dropsy and looked upon as hopeless. It was 24 years ago that Mrs. M. Empey of Steiner Street was in such a condition due to Bright's Disease and dropsy that "two of our best physicians" gave her up. It was 14 years ago that "the most noted analyst in this city" passed on the genuineness of the supposed incurable case of Bright's Disease of Editor R. M. Wood of this city.

All of the above are pursuing their daily avocations at this writing, January, 1914.

The ability of Fulton's Renal Compound to reduce albumen in many cases of Bright's Disease is not a matter of opinion but a FACT IN PHYSICS and we will mail formula for albumen test that will show the percentage from week to week. As the albumen declines improvement commonly follows, recoveries having been reported in thousands of cases. Formula and literature sent on request. John J. Fulton Co., San Francisco. F. D. Hall is local agent.

U. B. Pleasant Valley.

The farmers of this vicinity are busy cutting hay and cultivating their corn.

Hettie Titus is taking a six weeks' course of school at Granville.

There will be an ice cream social at the U. B. Pleasant Valley church Saturday evening, July 18. Everybody come and enjoy a dish of cream.

Bert Rice and wife took dinner at Amzi Jones' Sunday and attended church at the Valley in the evening.

Carey Rice and wife and son Howard are visiting their parents.

Mr. Geo. Compton and family from Newark are calling on Amzi Jones this week.

Mr. and Mrs. Willie Stickle are the proud parents of a baby girl, named Flora Bell.

Little Mildred Rice is visiting her grandparents at Mansfield.

Mrs. Clutter and daughters, Edith and Verna Dell, and son Carl were in our vicinity last week.

The corn looks fine for as dry as it has been.

Lon Rice is building a house for Elmer Hamilton in St. Louisville.

GOOD TIME IN STORE FOR ALL LOCAL GROCERS

Big plans are being made for the Grocers' excursion to Cedar Point on Thursday. Arrangements have been made whereby a free lunch will be furnished those going on the excursion and all will be well entertained at the Point. The State Grocers' association is holding a convention there this week and the Newarkites will participate with them.

EXCITED GIRL CAUSE OF AUTO TURNING TURTLE

(ASSOCIATED PRESS TELEGRAM) Cleveland, July 14.—Two girls and two men were injured early this morning when an automobile in which they were riding through Bedford turned turtle on the slippery pavement at North street, throwing all four out.

The injured are Patrick Lavan, prize fighter, Henry McNamara, motorcycle racer, both of Cleveland, Beatrice Gottschalk, 19, of 708 Hamilton street, Toledo, and Rose Wallace, twenty, 2,061 Chase avenue, Toledo, who is a nurse in the state hospital there.

McNamara was driving. He lost control of the car momentarily and as it skidded about the wet road one of the girls, riding in the front seat, became excited and grabbed the steering wheel. She jerked it so that the front wheels went broadside of the road and the automobile turned over.

Miss Wallace's leg was broken and she was injured internally. Miss Gottschalk was badly bruised about the body. The two men were less seriously injured.

McNamara formerly was captain of the Cincinnati Motorcycle racing team.

REPORT

(Continued from Page 1.) the department of justice and the district attorney in the states in which the system has lines. Prosecuting attorneys at New York, Boston, Hartford, New Haven, New London and other points had received no copies of the evidence today. It is understood, however, that copies will be received. District Attorney Whitman, who has been in Newport, was expected here today.

Directors and former directors of the road generally have refused to discuss the commission's report. Mr. Mellen, however, under whose administration the alleged acts complained of were committed, branded it as a "report of a political tribunal made for political purposes."

The full board of the present New Haven directors is to meet in New York on Thursday. At that time, some statement bearing on the charges may be issued.

Mr. Mellen's counsel, J. W. Crim, has issued a statement defending Mellen's actions. He said that Mellen's private fortune when he took charge of the New Haven was a million dollars. Now, he added, it was far less than that. He added that if the government or the stockholders began action against the directors of the New Haven railroad, as suggested by the commission, the directors would retaliate with what he termed an affirmative action in which the other action would be nullified and much to the credit of Mr. Mellen and the directors would be established.

District Attorney Whitman reached his office shortly before 11 o'clock and issued this statement:

"When these papers (relative to the New Haven) reach this office they will be closely scrutinized and if we have any reason to think that any crime has been committed by any person connected with the New Haven railroad or its management in this county an indictment will follow, no matter who the person may be."

AVIATORS THINK PORTE WILL FLY OVER ATLANTIC

(ASSOCIATED PRESS TELEGRAM) New York, July 14.—The record made on Saturday last by Reinhold Boehm at Johnsthal, when he remained in the air for twenty-four hours and twelve minutes, and flew a distance of 1350 miles, has caused members of the Aero club to feel more confident than ever that Lieutenant Porte will accomplish his proposed Atlantic flight in the airboat American.

Boehm used an ordinary biplane in his flight, and the fact that it was not equipped for an endurance test is an indication, according to Henry Woodhouse of the Aero club, that the American with her special equipment will be able to carry Lieutenant Porte to the Azores without mishap. The route to be followed by Lieutenant Porte to the Azores is 1140 miles, or some 210 miles less than the distance covered by Boehm.

200 PERSONS DRIVEN FROM HOMES BY FIRE

(ASSOCIATED PRESS TELEGRAM) Cleveland, July 14.—Two hundred persons early today were driven to the street in their night clothing and a score narrowly escaped with their lives when fire which started in the factory of the National Bedding Co., West 38th street and Palm road, communicated to a dozen houses in the neighborhood, destroying four and badly burning the others. The total loss was about \$75,000.

The fire is believed to have been incendiary.

Tomorrow is Amateur night at the Auditorium.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear; by morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals

the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings in the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. F. D. Hall, 10 North Side Square, Newark, Ohio.

REMODELING OF STORE ROOM IS NOW UNDER WAY

The stock of the Atherton cigar store in North Park Place is being moved out today and disposed of, as the firm is quitting business and making way for the workmen who are remodeling the room in connection with the buildings in the rear for the new furniture firm of Sperry & Harris.

The Atherton stock will be entirely sold out by Thursday and work will start on the room. The rear wall will be torn out, and it will be thrown in with the building in the rear on which work has been progressing for the past several weeks. Many of the walls are being torn out to give a mammoth clear floor space for the furniture store, and the front of the room in North Park Place will be entirely changed. The stairway at the side of the entrance will be removed to another part of the building, and the display windows will be greatly enlarged.

Messrs. Sperry & Harris are in Grand Rapids purchasing stock at the furniture markets to equip their new store.

NEWARK DAY TO BE OBSERVED AT THE CHAUTAUQUA

"Newark Day" will be observed this year at Summerland Beach, on Thursday, Aug. 6, during the Bible Conference and Chautauqua period there. The whole matter of having the Newark churches unite in this fine outing was taken up by the Ministerial association yesterday, and it was voted heartily to boost the plan. Pastors Stull and Hazlett and Secretary Johnson of the Y. M. C. A. were appointed by the ministers a committee to have the excursion in hand, and to make all arrangements. Tickets to the grounds for the day will be 20 cents for adults, 10 cents for young people and all under 10 years free. People can go by way of the T. & O. C. or

Buckeye Lake Park and boat. The Bible Conference will be on during the morning and a popular Chautauqua program will be given afternoon and evening. This is the first outing the Newark churches have undertaken and a large class of townspeople will go. Particulars will be published regarding programs, etc., later.

WETS AND DRIES HAVE PETITIONS BY JULY 20th

Declaring that they already have practically enough names to place their prohibition and anti-prohibition proposals before the people, temperance and liberal forces are getting ready to wind up their petition circulating campaign.

"Dry" leaders announce that their petitions would be called in on July 20 and that enough names already were assured to place the prohibition proposal on the November ballot. Liberal leaders say that their petitions also will be called in next week.

The legal time limit for filing the petitions with the secretary of state is August 1. The extent of the petition campaign has exceeded anything since the adoption of the new constitution carrying the initiative and referendum. It is not likely that any definite campaign plans will be made by either side until the date of the time limit is up. Thereafter both sides will may out their campaign program.
